D 4157

Letter No 9766 Q/P. from the Director Rec Recommends 75 p.c. of the power & depreciation charges of the C.T.I system may be debited to the Training Section of the Institute. The Director states, that all the power charges & the full amount of depreciation on fixed assets are not debited to the workshop while the majority of the machineries is used by the Training Section. The Supdt. therefore wants that 75 p.c of these two charges should be debited to the Training Section accounts

N.B.—Should routine notes be written on small slips, the notes must be copied, or slips pasted on this form.

Kind attn is invited to G.O. d. 12.4.23. The workshop section is designed purely as a commercial concern. There is no provision for the Workshop as such in the Budget (24-25). The recommendation in Para 18. of the G.O mentioned above, Govt have accepted the suggestion of the I.G. of Es that the power & Excess water charges should be distributed proportionately between the Workshop & the Training section: but the proportion has not been fixed by Govt.

Para 3. of P.V.D.

The Dir now seeks orders of Govt to debit 75 p.c. of the power & depreciation charges (on fixed assets) to the Train Section. The power & depreciation charges may roughly amount to Rs 1600/- p.a. Assuming that fixed assets are of the value of Rs 20,000/- (7½ p.c. on this) and the power charges about Rs 100/- The actual figures, however are not available from the refs here. The Dir's proposal therefore means that 75% of such charges (i.e roughly about Rs 1200/-) should be paid by the Train Section to the Workshop. As it is there seems to be no provision for this extra Expenditure in the Budget of the Institute for the current year. If the Dir's proposal

NOTE—Contn. sheet.

6

and an additional to the building is
necessary it does not seem to be a mere matter
of adjustment, as suggested by the Dir in Para 4.
of his letter.-

I am also with ref to Para 5.

Rev Secy

23.3

The workshop which is an adjunct
to the C.T.I is not a purely commercial
concern, as its main object is to give practical
training to the students who receive instruction at
the Institute. I therefore suggest that the Dir is prepared
to debit a portion of the power charges & depreciation of the
machinery as also the establishment & contingent
charges of the workshop. ~~[illegible]~~ to the training Section
of the C.T.I in the revised abstract. ~~[illegible]~~

The Director suggests that 75% of the above mentioned
charges may be debited to the C.T.I (training section)
& only 25% to the ~~[illegible]~~ commercial section of the Workshop
This seems to be too rough a proportion. I think it would
be more equitable to divide the above charges equally between
the training section & commercial section. With this modification
I would sanction the Dir's proposal.

The Fee Section may be consulted as to whether
this may be done

Yours
[illegible]

Secy

17. NOV. 1925

What is proposed by the Director is that 75 % of power charges and of depreciation on fixed assets be borne by the Training Section.

I understand that fixed assets consist ~~entirely~~ entirely of machinery and they are shown as valued at Rs 22,000 in the Balance-sheet. I also understand that machinery exclusively used by the Training Section is worth about Rs 11,000. What is exclusively used by the Workshop is stated to be worth only Rs 1,500, the balance of machinery worth about Rs 10,000 ~~is~~ being used in common both by the Workshop and the Training Section. In these circumstances, I think that the proposal that the Workshop need not be held responsible for the whole depreciation charge, is a reasonable one. I do not, however follow what is exactly meant by stating that the Training Section should bear 75 per cent. of the depreciation charge. It is this Section which has supplied the whole machinery at its cost. What is aimed at is obviously relief to the Workshop account and not the formation of a separate depreciation fund as part of the Training Section for making good the wear and tear of 75 ~~part~~ p.c. of ~~the~~ machinery assumed as used by that Section. ~~I would, therefore suggest that~~ the Workshop may be afforded ~~the~~ relief to the extent proposed for it by the Director.

As regards power charges, I would invite attention to para 13 (5) of the Comptroller's Report on the Balance-sheet for the half year ending December 1924. Here it is stated that the share

share of power consumed by the Workshop may reasonably be fixed at one-third. The Superintendent and the Comptroller have both agreed to this arrangement. Relief, therefore, to the Workshop to the extent of two-thirds may be given on this account. In the case of distribution of this item, however, the need arises for a separate provision in the budget of the Training Section ~~for meeting power charges.~~ Hitherto the entire charge was being borne by the Revenue Account of the Workshop and hereafter the liability, ~~in this respect~~, of the Workshop will be limited to only one-third. and the balance of 2/3 will have to be borne by the Training Section.

GOVERNMENT OF MYSORE,
DEPARTMENT OF INDUSTRIES AND COMMERCE.

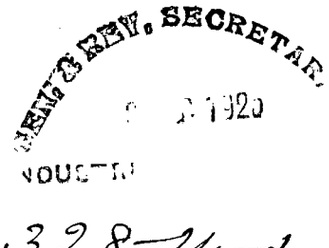
OFFICE OF THE DIRECTOR,

Dated, Bangalore, the 17th/18 Feb. *1925.*

FROM

REV. SR. G. D'SOUZA, Esq., B.A., B.L.,
Director of Industries and Commerce in Mysore,
Bangalore (India).

84189



The Secretary to the Government of Mysore,
Revenue Department,
Bangalore.

GC 328-24-1

SIR,

I have the honour to report that at present all the power charges and the full amount of depreciation on fixed assets are being debited to the Workshop account of the Chamarajendra Technical Institute, Mysore though the majority of the machinery is being used by the Training Section. This arrangement affects the working results of the Workshop to a considerable extent. The Superintendent of the Chamarajendra Technical Institute considers that 75 per cent of these charges should be borne by the Training Section and I fully endorse this view.

2 In Government Order No:6214/I&C.55-22-64, Government ordered that the Workshop should bear establishment and contingent charges at the rate of Rs 100 and Rs 10/= per mensem respectively and this has been given effect to from 1-1-1922. It is but proper that the Training Section should bear its quota of the depreciation and power charges.

3 In these circumstances, I request sanction of Government to the debit of 75 per cent of these charges to the Training Section with effect from 1-1-1922.

4 Early orders are requested so that necessary adjustments may be made in the final accounts for the half year ended 31-12-1924.

I have the honour to be,
Sir,
Your most obedient servant,

DIRECTOR.

File No. 328-24

Serial No. 2

Proceedings of the Government of His Highness the Maharaja of Mysore.

Read—

Letter no. G. 766 dated 19th/18th Feb 1925, from the Director, DJC, requesting for sanction of the power charges and ~~the full amount~~ of the depreciation on fixed assets of the Chamarajendra Technical Institute, Mysore, ~~are being debited~~ to the Workshop account of the Institute through the ~~Inspector~~ major portions of the machinery is being used by the Training Section and requesting that, as this arrangement

Order Thereon No.

affects the Working results of
the Workshop to a considerable
extent, & erection of govt ~~may~~
can not entail to the debit of 75
per cent of these charges to the
Training Section of the Institute.

order no. ICL 3[illegible] dt 11

The fixed assets of the
Chamarajendra Technical Institute,
Mysore, consist entirely of
machinery which are valued at
about Rs 22,000/-. ~~Of this, it~~
91- is reported
~~is understood~~ that machinery
worth about Rs 11,000/- is exclusively
used by the Training Section of
the Institute and that ~~what is~~ the value of machinery
~~exclusively~~ used by the Workshop is
~~is less than~~ not much than
~~Worth about~~ Rs 1500/-. The machinery
~~cost~~
worth about Rs 10,000/- is ~~therefore~~
being used in common both
by the Workshop and the
Training Section. In these
circumstances govt consider
that it is not reasonable ~~that~~ to debit
the entire depreciation charges on fixed assets,
to the accounts of the Workshop

List of enclosures.
